

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

PURCHASED WATER ADJUSTMENT OF)	
CAMPBELL COUNTY KENTUCKY WATER)	CASE NO. 92-071
DISTRICT)	

O R D E R

On February 21, 1992, Campbell County Water District ("Campbell") filed revised tariff sheets with the Public Service Commission ("Commission") for the purpose of adjusting its rates pursuant to the purchased water adjustment procedure. KRS 278.015 and 807 KAR 5:068.

The Commission, having reviewed the evidence of record and being otherwise sufficiently advised, finds that:

1. Campbell purchases water from Kenton County Water District No. 1 ("Kenton") and the city of Newport ("Newport").

2. Effective February 18, 1992, Newport decreased its rate for water sold to Campbell from 65 cents to 60 cents per 1,000 gallons. There was no change in the rate charged by Kenton.

3. Campbell decreased the rates to its customers effective February 18, 1992. Based on average monthly usage of 7,000 gallons, the average quarterly bill for Campbell's residential customers will decrease by \$1.15 from \$67.09 to \$65.94, a 1.7 percent reduction.

4. During the 12 months ending December 31, 1991, Campbell purchased a total of 2,014,591,800 gallons of water, of which

153,779,600 gallons were purchased from Kenton and 1,860,812,200 gallons from Newport.

5. Campbell sold 1,696,955,100 gallons of water during the same 12-month period.

6. The decrease in purchased water costs is \$93,040.61, resulting in a purchased water adjustment of 5.48 cents per 1,000 gallons.

7. The rates proposed by Campbell are incorrect in that the minimum bills for 1-inch, 3-inch, 4-inch, and 6-inch meters were not correctly calculated. The correct calculations and minimum bill levels are shown in Appendix B.

8. The purchased water adjustment of 5.48 cents per 1,000 gallons and the rates in Appendix A, attached hereto and incorporated herein, are fair, just, and reasonable and should be approved.

IT IS THEREFORE ORDERED that:

1. The rates proposed by Campbell are denied.

2. The purchased water adjustment of 5.48 cents per 1,000 gallons and the rates in Appendix A are approved for services rendered on and after February 18, 1992.

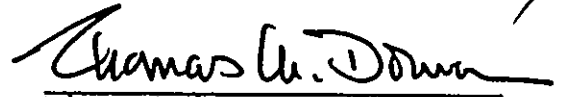

3. Within 30 days of the date of this Order, Campbell shall file its revised tariff sheets setting forth the rates approved herein.

Done at Frankfort, Kentucky, this

9th day of March, 1992.
